

**N** THE  
NEW  
GENERATION

## *How to combine complete **HYGIENE** with the utmost in **DESIGN**? Ask for **HI-MACS®**.*

Fabrication: Whitehall

Fabrication: LG Collection, Photo: Focal Foto

Fabrication: LG Collection, Design: Vedum Kök & Bad

### *A revolutionary material for living spaces.*

Composed of 75% stone, 20% acrylic and 5% of pigments, the HI-MACS® solid surface uses the most advanced manufacturing technology on the market for extra resistance: heat, stains, water, HI-MACS® resists them all. HI-MACS® installations are guaranteed for 15 years when installed by a member of the quality club .

### *A worktop for all time.*

Thanks to their seamless fabrication and the homogenous nature of the material throughout the thickness, HI-MACS® installations can be easily repaired or re-sanded, for a kitchen worktop that will last your entire life.

### *No compromise on hygiene.*

HI-MACS® is non porous and is assembled without any visible joints: there is no question of your worktop hosting bacteria!

### *It's not just because we like hygiene that we want a sanitized design.*

Translucent, thermoformable and assembled with inconspicuous joints, HI-MACS® boasts original design characteristics which enable the most innovative creations. With 93 colours and a full range of embeddable sinks, what HI-MACS® has to offer will satisfy the most creative.

### *HI-MACS® loves kitchen makers and kitchen makers love HI-MACS®.*

To offer your customers HI-MACS® kitchens, our team would be delighted to provide you with brochures, flyers, samples, posters and even a manufacturing course so you can create your own designs. If you are interested, contact us now!
